

2020 CCPG Annual Symposium Scholarship

The Chicago Council on Planned Giving is pleased to offer the **CCPG Annual Symposium Scholarship Program** to the community of fundraising and charitable gift planning professionals in an effort to promote philanthropic planning techniques among a broad base of individuals interested in expanding their professional expertise in this arena. Symposium Scholarships include attendance at CCPG's annual all-day Symposium. Scholarship recipients also have the option to attend Introduction to Planned Giving Essentials presented by Marc Carmichael, from 1:00 pm - 4:00 pm the day before the Symposium.

The Symposium Scholarship is available to experienced fundraising professionals who are new to planned giving or professionals with little fundraising experience who are now responsible for all or part of a nonprofit's fundraising, including planned giving. Furthermore, the CCPG Scholarship Program is also available to allied professionals who work with the nonprofit community. Additionally, CCPG wishes to encourage participation from organizations that have not developed planned giving as a fundraising strategy, but where potential exists for growth in this area.

A maximum of four scholarships will be awarded for the 2019 CCPG Annual Symposium Scholarship Program. One scholarship is the Janie Peterson Memorial Symposium Scholarship and the other 3 symposium scholarships are sponsored by the CCPG Board.

Applications for the CCPG Symposium Scholarships open in March.
